Temporary CCTV Towers

Prime Security Services provides the latest temporary CCTV towers to businesses requiring short-term security solutions across the UK. Specifically designed to provide security for temporary sites, temporary CCTV towers combine rapid security deployment with remote monitoring solutions. Operating as a fully power-independent, standalone temporary CCTV tower, the monitoring systems are commonly used on sites in remote locations or where short-term security is required, such as construction sites, festivals, vacant properties and remote working events.

CCTV Monitoring

Prime's CCTV monitoring service provide businesses and property owners with peace of mind and alleviating the stress of hiring security to guard their premises. Whether it's a commercial property, a store or a construction site, once the cameras are set up, your job is done. Our team of highly-trained security professionals can monitor your CCTV from our control room 24 hours a day, 365 days a year. Not only is CCTV a major deterrent to thieves, it also allows our security officers to respond to any situations that may be a threat to your premises.

Supported Living Security

Our dedicated and experienced supported living operatives provide comprehensive security solutions to facilities that provide specialist supported housing to some of the most vulnerable people in society, enabling them to live independently in a safe, secure and harmonious environment. Prime's versatile security guards that operate in supported living facilities undergo comprehensive security training with a social care element allowing them to diffuse any situations that may arise.

Lock and Unlock Service

Prime Security Services lock and unlock service removes the stress from our client's staff members who shoulder the responsibility of locking and unlocking their property. As most businesses do not operate on a 24-hour basis, members of staff are often required to be at the property first thing in the morning and the last to leave at night in order to ensure the property is locked and unlocked.

CCTV Installation

Prime Security Services supply and install integrated CCTV systems across the UK. From single cameras to comprehensive multi-level surveillance systems with remote monitoring, our experienced team of CCTV technicians provide bespoke installation strategies that work for both your premises and your budget.

PROFESSIONAL SECURITY SOLUTIONS

Keyholding & Alarm Response

Prime Security Services provides a reliable and trusted keyholding service for commercial properties throughout the UK. Our clients entrust us to look after every aspect of their property to assist during out of hours call outs, keeping their commercial premises safe, to assist during an out of hours call out, or even if the primary key becomes lost or stolen. Keys are stored in our secure control room that is manned 24 hours of the day 7 days a week, and in the case of an emergency, our security officers are ready to respond at a moment's notice.

Security Guards

As one of the most effective methods of protecting your premises, security guards act as a visible deterrent and discourage trespassers, thieves, and vandals. Prime's security personnel provide a comprehensive range of security guarding services for a myriad of industries and public sectors. Our SIA licensed security guards provide round-the-clock security solutions to businesses, construction sites, warehouses and commercial properties across the country.

Concierge security

Concierge security guards ensure guests, staff and residents feel safe and welcome. Whether you require security on reception to manage access to your premises, or security to look after your employees, assets and equipment, our concierge security guards provide first-class communication, customer service and protection.

Mobile Security Patrols

Prime Security Services provide visible and effective SIA licensed mobile security patrols across the UK. Using highly marked vehicles gives you the added presence that an Alarm or CCTV system doesn't. Our SIA Licensed officers can complete an external or internal patrol of your premises and instantly report any issues using real-time reporting. Using the latest industry technology we ensure that each deployment is comprehensively risk assessed using data from local crime statistics and also local knowledge.

Void Property Inspection

Void property inspections are an extremely cost-effective way of keeping your property safe and act as a visible deterrent. Once we establish the best course of action to keep your property safe, our team of security professionals will inspect your property on a regular basis searching for signs of forced entry, damage or anything suspicious, and will take action to secure your premises.
