

Managing Facilities, Maximising Value

About Us

Prime Management Group is a leading multi-service provider within the security and facilities management industry. Based in the North West of England, we operate on a national footprint promoting the delivery of professional, organised and effective services to businesses and industries across the UK. From manned guarding and CCTV monitoring to commercial cleaning and fire risk mitigation, we are relentless in our approach to helping businesses maximise their potential by taking away the daily stress of maintaining and protecting their properties, allowing our clients to focus on their core business.

Security, Fire, & Facilities Management

History Of Prime

Established in 2020, our team of dedicated professionals recognised the growing demand for reliable and comprehensive security and facilities management services. With a commitment to excellence and a client-centric approach, Prime Management Group was founded to provide bespoke and integrated solutions to clients across various industries.

Starting from humble local beginnings, Prime Management Group has grown into a nationwide presence, serving a diverse clientele that includes both large corporations and small local sole traders. Our service portfolio has expanded to meet the varying needs of these organisations, demonstrating our commitment to catering to clients of all sizes.

With an unwavering focus on client satisfaction and a keen ability to adapt to ever-evolving demands, we have earned a reputation as a trusted partner for businesses seeking comprehensive solutions. Our dedication to understanding and meeting the unique requirements of each organisation sets us apart in the dynamic business landscape, ensuring that companies of all sizes can rely on us as their trusted partner for success.

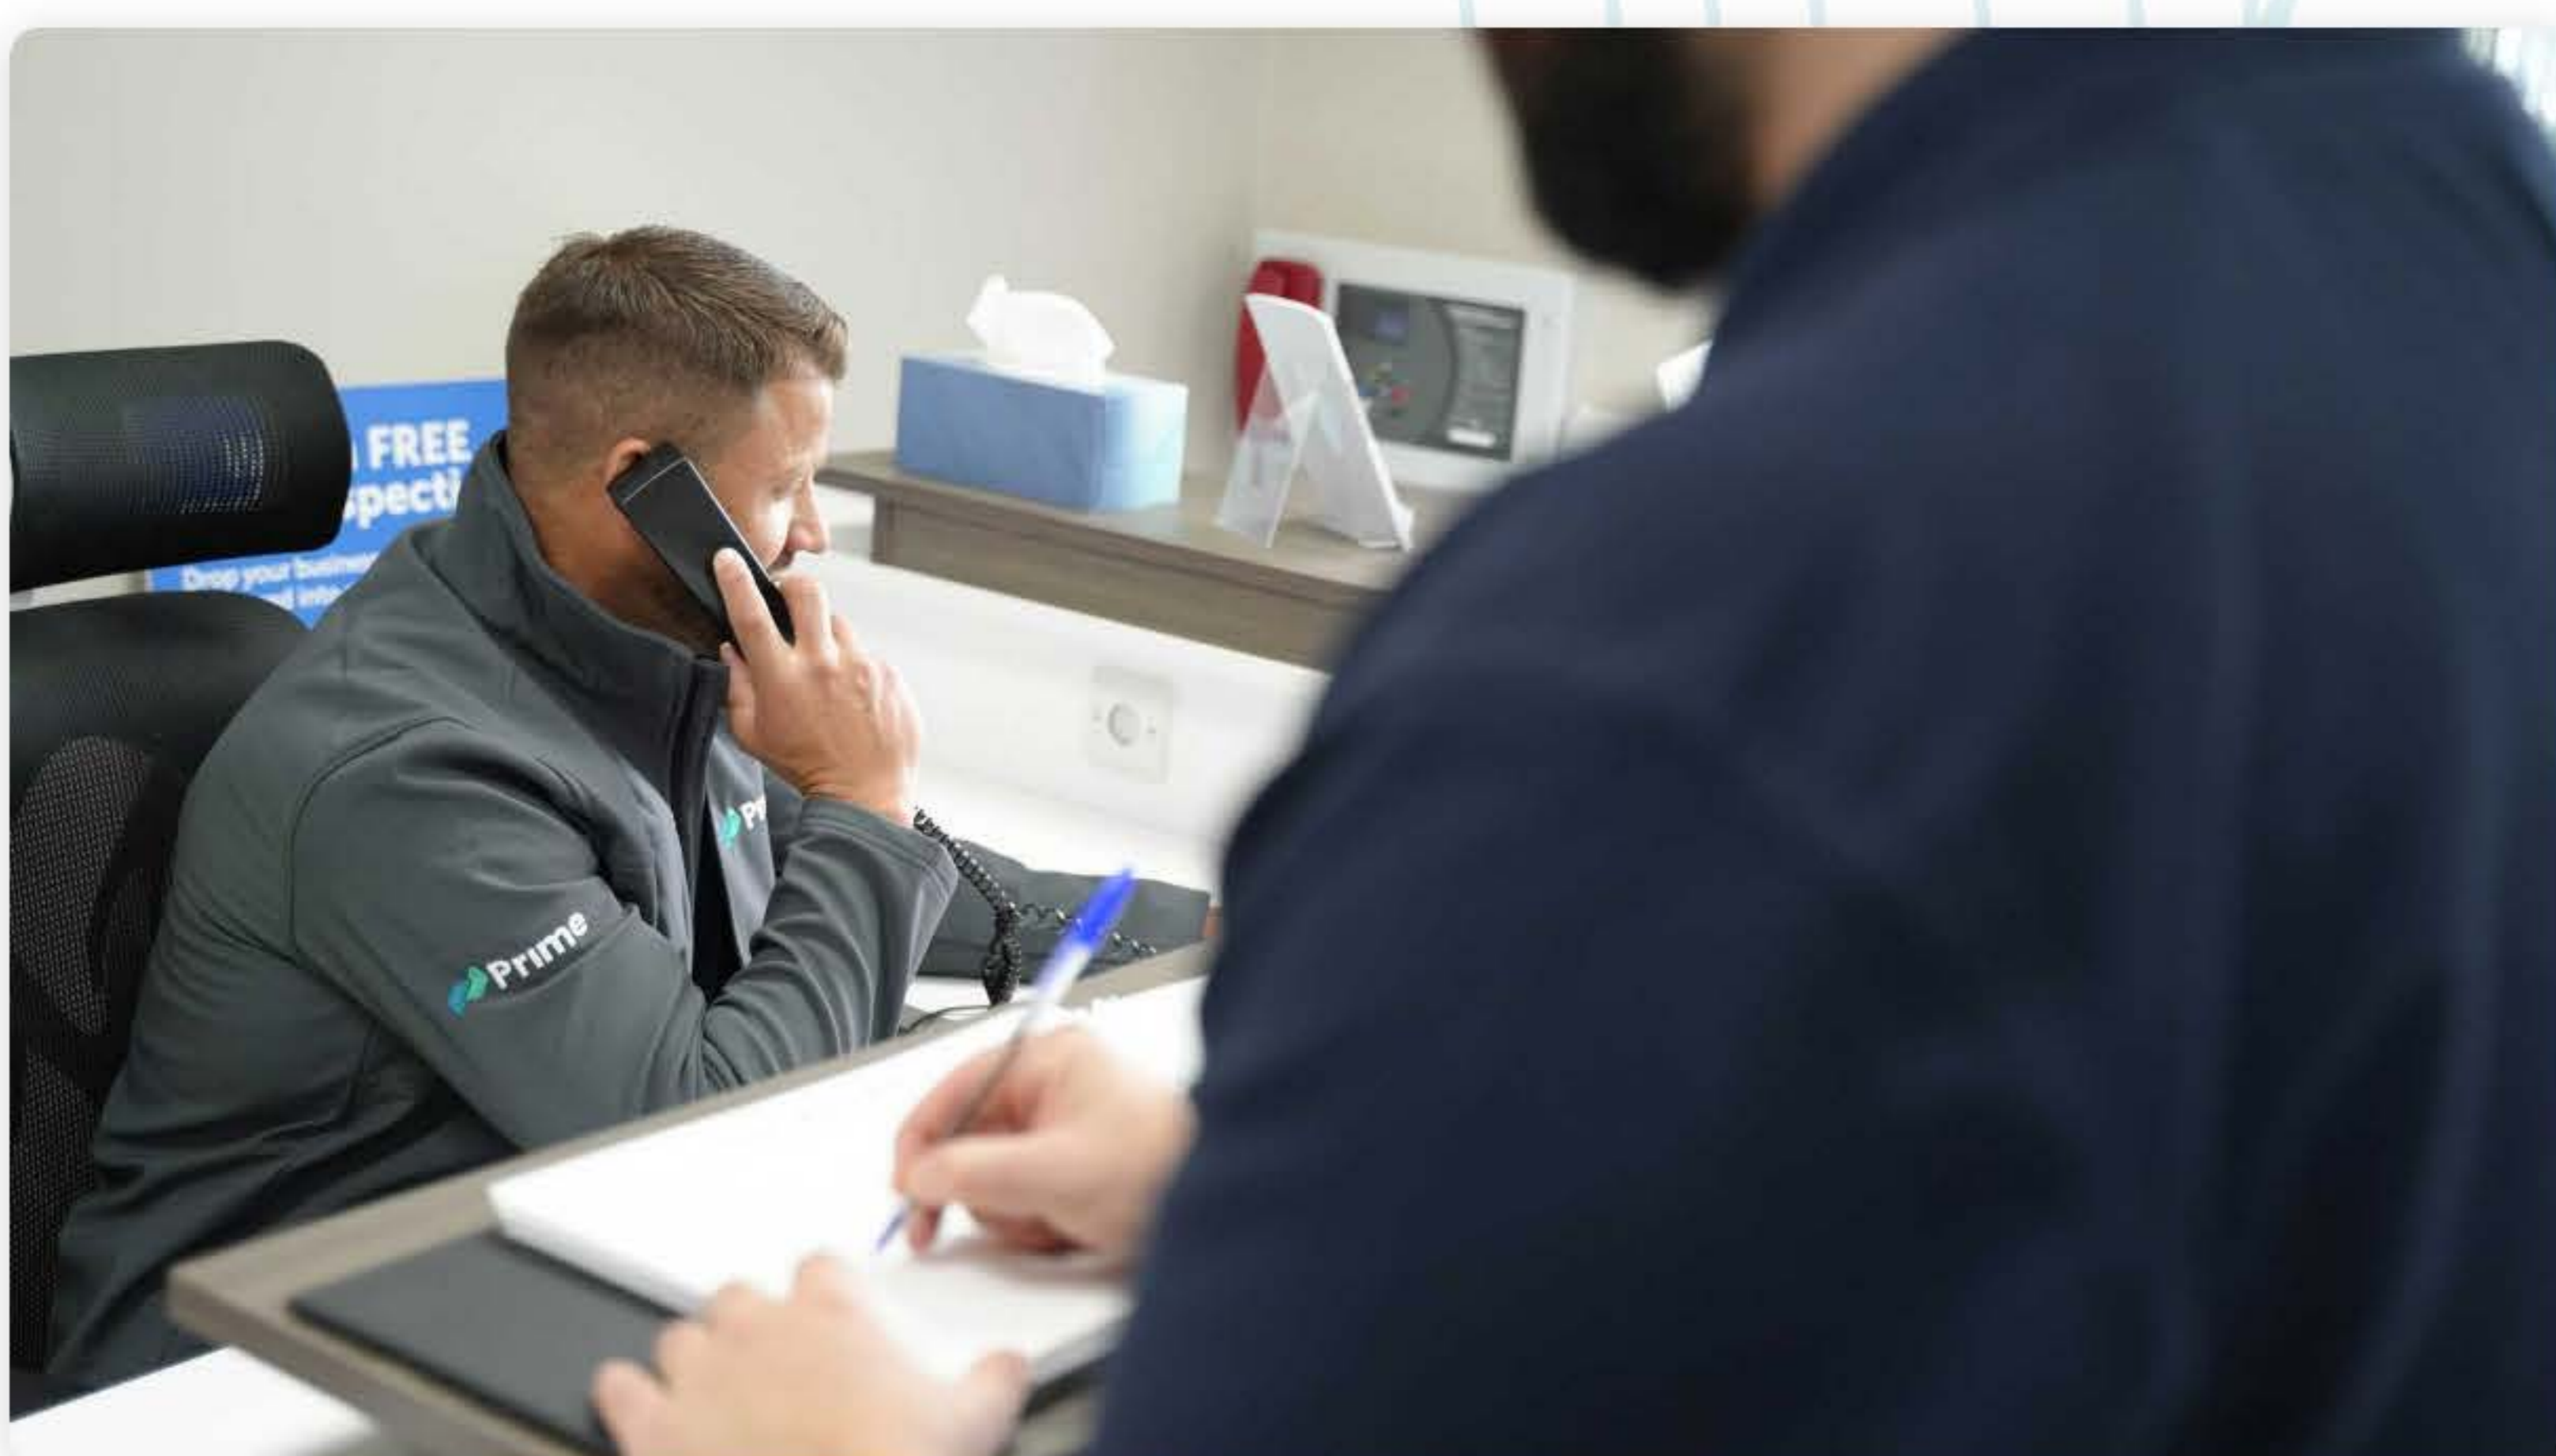

Security Services

Here at Prime, our main goal is to protect our clients' staff, premises and property. In order to provide comprehensive security, we build security packages and security solutions around your requirements and needs. Offering a full range of security provisions, our security operatives are SIA licensed, fully vetted and provide the utmost care and attention to your business. From keyholding and alarm response to security guards, asset protection, mobile patrols and vacant property inspections, we pride ourselves on our ability to provide exceptional security solutions at affordable and competitive prices.

Security Guards

As one of the most effective methods of protecting your premises, security guards act as a visible deterrent and discourage trespassers, thieves, and vandals. Prime's security personnel provide a comprehensive range of security guarding services for a myriad of industries and public sectors. Our SIA licensed security guards provide round-the-clock security solutions to businesses, construction sites, warehouses and commercial properties across the country.

Concierge Security

Concierge Security guards represent the face of your company so hiring the right team is of utmost importance. From apartment blocks and offices to hotels and sheltered housing, our front of house security are trained for any event that may arise, for both short term or long term deployments. Covering a variety of roles, including security, reception and telephony duties, Prime's concierge operatives provide peace of mind for staff, management and visitors in public-facing companies.

Security Services

Mobile Security Patrols

Mobile patrols play a vital role in reducing the likelihood of thefts and criminal damage to property. By using highly liveried vehicles and recognisable uniforms, Prime's mobile security patrols significantly reduce the opportunity for crime, break-ins and vandalism. Our SIA Licensed officers can complete an external or internal patrol of your premises and instantly report any issues using real-time reporting.

Vacant Property Security

Unoccupied commercial properties are easy targets for thieves, vandals, squatters and arsonists. The damage they can cause can leave many building owners and landlords out of pocket and ruin any future plans for the property. To prevent this, we combine a range of security services that will ultimately deter trespassers, prevent anti-social behaviour from taking place on your property, remove hazards and protect you from public liability risks.

Lock and Unlock

Prime's lock and unlock service removes the stress and responsibility from employees who shoulder the responsibility of locking and unlocking their place of work. As most businesses don't operate on a 24-hour basis, members of staff are often required to be at their place of work first thing in the morning or the last to leave at night in order to ensure the property is opened and closed correctly.

Keyholding & Alarm Response

Prime provides a reliable and trusted keyholding & alarm response service for commercial properties across the UK. Our clients entrust us to look after every aspect of their property, keep their commercial premises safe, to assist during an out of hours call out, or even if the primary key becomes lost or stolen. Keys are stored in our secure control room that is manned 24 hours of the day 7 days a week, and in the case of an emergency, our security officers are ready to respond at a moment's notice.

Technical Services

Keep your people, property and assets protected round-the-clock with our integrated business security systems. As your dedicated advanced security technology specialists, we provide a comprehensive range of electrical security systems tailored to provide your business with first-class protection. Here at Prime, we specialise in designing and installing reliable, robust and cost-effective commercial security systems to meet the ever-evolving needs of our clients and ensure protection from intruders and theft. Our experienced security system installers are experts at designing and configuring perimeter protection services such as CCTV, access control, door entry and intruder alarms.

CCTV Installation

At Prime, we supply and install integrated CCTV systems across the UK. From single cameras to comprehensive multi-level surveillance systems with remote monitoring, our experienced team of CCTV technicians provide bespoke installation strategies that work for both your premises and your budget.

CCTV Monitoring

Prime's CCTV monitoring service provide businesses and property owners with peace of mind. Our CCTV monitoring staff are proficient at detecting unusual behaviour and suspicious activity and ensure the correct reaction is taken to secure your property, whether that be to deploy response teams, make their presence known through the tannoy operating system, or call the police directly.

Technical Services

Intruder Alarm Installation

Here at Prime, our expert teamwork with you do design a bespoke intruder alarm system that is tailored to your exact requirements. Whether you're considering upgrading an existing intruder alarm system or you're embarking on a new installation for your property, we work with you to provide a professional installation strategy that maximises your security coverage and ensures peace of mind.

Access Control Systems

Access control systems provide businesses with an efficient and automated way to manage employee access, making it more difficult for unauthorised people to gain access to sensitive information or assets. With the ability to control, monitor, record and restrict movement of staff of people throughout a site or a building, access control systems provide businesses with numerous benefits that can help protect their assets data and employees.

Mobile CCTV Towers

Prime View's state of the art temporary CCTV towers provides an all-in-one security solution for sites requiring short-term security and round the clock surveillance. Combining rapid security deployment with remote monitoring solutions, our CCTV towers are designed to meet the challenges of securing remote, temporary, and vulnerable sites that require robust, cost-effective site security.

Fire Safety Services

At Prime, we specialise in safeguarding commercial and residential properties and mitigating fire safety risks. We provide a range of comprehensive fire safety solutions that are specifically tailored to each client. As experts in risk management, our services comply with the NFCC guidance and are in line with UK HSE legislation and the Regulatory Reform (Fire Safety) Order 2005 (RRO). The safety of your building's occupants is our primary focus. Our fire safety experts, who boast years of experience within their field, ensure the appropriate measures are taken to safeguard your property. By incorporating measures for prevention, detection and evacuation, we ensure all areas of your property are compliant with current fire safety legislation and regulations

Waking Watch

Set up in line with NFCC guidance, we work alongside building owners, landlords, and managers to implement fire safety strategies in residential properties where safety issues may be a concern, such as unsafe exterior cladding and faulty fire alarm systems. Our highly-trained fire marshals play a vital role in protecting commercial and residential properties 24 hours a day, 7 days a week. By routinely patrol the premises, tagging checkpoints and conducting fire safety checklists, our marshals ensure peace of mind for both residents and landlords.

Fire Risk Assessment

As a commercial or residential property owner, it is your duty to perform regular fire risk assessments. Not only providing peace of mind to employees and residents it is a legal requirement in compliance with the Regulatory Reform (Fire Safety) Order 2005 (RRO). Once a client has reached out to us, our highly-trained fire experts will assess the building's safety issues to determine the actions needed to be taken in order to mitigate potential fire risks and safeguard our clients' residents.

Fire Safety Services

Fire Alarm Installation & Servicing

Whether your premises is a small office, a large industrial warehouse or a block of flats, our fire safety division provides comprehensive fire alarm installation solutions tailored to your requirements. With a focus on safety and compliance, we provide regular and regular preventative service and maintenance visits to give you peace of mind.

Fire Extinguisher Maintenance

Fire extinguishers are an essential component in fire risk mitigation strategies for commercial properties. Our fire safety experts provide meticulous fire extinguisher inspections and ensure the fire extinguishers in your property are in working order. We pride ourselves on providing comprehensive fire risk mitigation services that safeguard the property and its occupants.

Emergency Light Maintenance

Emergency Light Maintenance It is a legal requirement for all commercial properties to be a safe environment at all times, even when the mains electricity fails. Maintaining emergency light systems in commercial properties is of paramount importance as it ensures fire escapes are fully illuminated in the event of an emergency. Our fire safety experts ensure your emergency lights are well maintained and kept in good working order.

Facilities Management

Prime delivers bespoke property support services that help businesses achieve operational success. With a portfolio of commercial properties across the UK, we provide unparalleled breadth and depth in service solutions for businesses of all sizes. By centralising our client's facilities, we allow our clients to make significant reductions to their operating costs, improve their productivity and maximise their operational efficiency. Prime's stress-free approach to facilities management ensures that there are no compromises to the way your business operates in the market. We have built up excellent relationships with our partners, traders and suppliers allowing us to be able to provide our clients with a one-stop-shop for all their operational needs.

Grounds Maintenance and Landscaping

Commercial properties are often defined by the appearance of their landscape. Whether you require grass cutting, tree management or a landscape overhaul, Prime will take away the stress of commercial grounds maintenance by creating the perfect environment for your commercial building.

Waste Removal

Here at Prime, we take pride in our specially trained and dedicated team of professionals who excel in handling various types of waste. Whether you're dealing with commercial waste or ad hoc rubbish, our team is well-equipped to manage all kinds of rubbish removal with the utmost professionalism and expertise.

Commercial Cleaning
